

Welcome to **Highlight Health!**

Americans spent **\$4.124 billion** on healthcare in 2020

Lack of oversight and enforcement of federal and state healthcare laws **allows for inflated and fictitious billing**

- Hospital Care
- Physical Services
- Medications
- Net Cost of Insurance
- Government Admin/
- Personal Health Care
- Other

Highlight Health leverages rules, regulations and laws to drive down costs related to hospital care.

Getting Started with **Highlight Health**

Highlight Health can help you in a variety ways:

Hospital Directory	Contact Highlight Health to learn about the eligible Providers in your area.
Before Care	Contact Highlight Health once you know you need inpatient or outpatient hospital care. Learn about how using certain hospitals may mean you pay less for care.
After Care	Contact Highlight Health once you received care. Highlight Health will also reach out to you once we receive claims information from the Provider.

Working with Highlight Health – **What to Expect:**

Step 1	Step 2	Step 3
HLH Interview	Sign Documents	Provider Discount
Highlight Health will collect information needed to complete relevant forms. Highlight Health will also collect needed verification documents (ex: pay stubs).	Highlight Health will send all relevant documents to you for signature. Once signed, Highlight Health has the authority to work on your behalf.	Highlight Health will submit documentation to the Provider(s). Highlight Health will monitor until discount is confirmed.
